

THE COMPANY

RMSTATOR was founded in 1993 following Roger Masson's desire to increase the performance and reliability of his powersports vehicles.

Word soon got out to local dealers. With increased demand Roger was joined by his childhood friend and current business partner, Sean Yates, who brought with him a vast experience in sales and customer service. Together, these two powersports enthusiasts stormed the aftermarket parts industry.

20 years after its inception, RMSTATOR is an industry leader in the research and development of quality parts for your ATV, UTV, Snowmobile or motorcycle. Now with thousand of parts available and state of the art R&D facilities, being first to market new products is our priority.

If you can't find it at RMSTATOR, we will make one for you! Call us, we're serious!
